A Gift of Care... A Gesture of Love

Throughout the year, St. Anne's supplements the cost of care for multiple residents. Will you help us by sponsoring a **Day of Stay** for a resident who has depleted his or her assets? The **true** cost of care in skilled care for one day is upwards of \$500. Your donation of any amount will help complement these costs. Will you help supplement a **Day of Stay** with a gift of care?

Why is the Day of Stay initiative important?

When a current resident's funds have been exhausted, St. Anne's covers the costs of care beyond the amount that governmental assistance provides. This is done confidentially and with complete respect for the resident's dignity.

Residents in this situation experience no difference in the high-quality services provided, nor are they made aware of the amount that is being covered by St. Anne's to supplement their care and expenses.

***So many residents
benefit from your generosity,
Thank you!***

Consider sponsoring a **Day of Stay** for a resident whose funds have been depleted.

Your donation will help to supplement **A Day of Stay!** We are so grateful for your support. The donations we receive supplement the cost of care beyond the governmental assistance.

Last year, St. Anne's Retirement Community provided more than \$2,000,000 in charitable resident care. This fiscal year, our goal is to raise \$200,000 or more for our **Day of Stay** benefitting our residents in need.
